#### 15. Multidisciplinary / interdisciplinary

The institution is not well-equipped to implement NEP regulations in its curriculum. However, we are working towards it. The teaching learning pedagogy adopted in this institution ensures amalgamation of intellectual, scientific, emotional, social and cultural development among its students. Apart from the newly introduced credit-based courses, all the students at graduation level complete 4 audit courses, each on environmental studies, disaster management, intellectual property rights and gender studies. Social service activities mediated by NSS, NCC, relevant clubs and committees in the college play a pivotal role in sensitizing students towards environmental, social and health issues. The institution is looking forward to offer a multidisciplinary flexible curriculum that enables multiple entry and exits. Collaborative research projects involving staff, students, government agencies, NGOs and different departments are planned to be undertaken to address the issues and challenges faced by the society. These initiatives foster the capacity building of the youth into responsible citizens.

#### 16. Academic bank of credits (ABC):

The institution is eagerly awaiting to register under the ABC to permit its learners to avail the benefit of multiple entries and exit during the chosen programme, and to enable credit transfer. These initiatives would be highly beneficial to slow learners and provide flexibility to students to learn as per their ability and convenience. The provision for the same would be implemented as per the directives of the state government and respective University. The institution has MoU with other institutions for collaborative ventures. Faculty members are actively engaged in designing their own curricular and pedagogical approaches within the approved

framework through Learning Management System. Students are encouraged to enrol and successfully complete courses through online platforms such as Swayam, Coursera etc. to enrich their learning experience. Currently, they can earn extra credits through activities such as NSS, NCC, sports and fine arts.

#### **17.Skill development:**

We focus on skill development that enables students to acquire desired competency levels. The college has implemented a curriculum and syllabus in the paradigm of Outcome Based Education, which focusses on skill development and outcomes of learning. In addition, the institution provides capacity building programmes and skill inculcation training programmes to all final year Undergraduate and students under the guidance of Placement and Career Counselling Cell.

#### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

The institution has been following Indian knowledge system deep from its roots. We believe in imparting education in the regional or first language of the student, as this will help them to understand the concept better and reinstate the knowledge in them for ever for implementation. Faculty members are encouraged to provide the classroom delivery in bilingual mode (English and vernacular languages). The promotion of Indian languages, arts and traditions is also facilitated through competitions organized during the annual day festival. Competitions such as essay writing, poetry, speech competition, folk song, folk dance and skit encourage students to stay connected with their rich Indian culture and heritage.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

Outcome-Based Education (OBE) is a pedagogical model that entails the restructuring of curriculum, pedagogy and assessment practices to reflect the achievement of high-order learning, as opposed to a mere accumulation of course credits. While the traditional education system focuses on what is taught, OBE places emphasis on what is learned, which is a student-centric model. IQAC organized multiple faculty development programmes on Outcome based Education (OBE) to understand and implement the concept better. All the faculties of the college were discussed about OBE. Based on it, all courses were tried to be designed under OBE paradigm with Program Outcomes (PO), Program Specific Outcomes (PSO) and Course Outcomes (CO) specified. The integration of OBE in curriculum is yet under process. As and when designed in the academic caleder internal assessments are conducted.

<b>20.Distance education/online education:</b>	
<p>After the COVID situation, the students have started attending and responding appropriately to online classes, it provides ample flexibility to students to learn and explore as per their requirements at their pace. During the pandemic, most of the classes were conducted online and faculty members and students have gained experience on working with digital tools like Google Tools, Online Whiteboards, YouTube to develop and deliver e-content, short videos, interactive power point presentations and other online content. Students are also encouraged to engage in courses offered by online portals such as Swayam, Coursera etc. to widen their sphere of knowledge and understanding and sharpen their skills.</p>

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

As an affiliated college of SKM University, Dumkait follows the syllabus prescribed by the University adhering to its guidelines regarding the number of lectures and tutorials allocated to different courses. The college offers courses calibrated to cater to a range of student educational backgrounds, language skill levels

and career aspirations. The courses offered are all explored through a variety of interpretive paradigms. The broader endeavour is to deploy student engagement with language and texts to foster a complex awareness of ethical considerations as well as debates linked to social justice and cultural plurality.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Our institution has been trying to build its own academic calendar as per the University guideline and self requirements so that we can adhere to the needs of the students, activities and other particulars. It has been a transformative journey by initiating significant reforms to enhance our Continuous Internal Evaluation (CIE) system. These reforms were strategically designed to elevate the quality of education and ensure holistic development of our students. Firstly, we revamped our assessment methods. Moving beyond traditional exams, we introduced a diversified range of assessment tools such as project-based assessments, presentations, and peer evaluations. This shift promotes critical thinking, creativity, and practical application of knowledge. Secondly, we strengthened feedback mechanisms. We implemented regular feedback loops between students and faculty to foster open communication and improvement. Anonymous surveys and suggestion boxes were introduced to encourage candid input. Furthermore, we adopted technology-driven solutions to streamline assessment processes, making them more efficient and transparent. Online platforms were deployed for submission, evaluation, and result dissemination, ensuring data accuracy and accessibility. To promote a learner-centric approach, personalized learning pathways were introduced. Students were encouraged to set academic and personal development goals, aligning their learning experiences with their aspirations. Lastly, faculty development programs were expanded to equip educators with innovative teaching methodologies and assessment techniques. These reforms have empowered our institution to provide a more engaging, equitable, and learner-focused education system, aligning with the evolving needs of the 21st century. We remain committed to continuous improvement and adaptability in our pursuit of excellence.

The Student Council acts as the official representative body of the student community. It advocates for student interests, raises concerns, and proposes solutions to address various issues affecting students academic and extracurricular experiences.

The council is often responsible for organizing and overseeing a wide range of student activities, including cultural events, workshops, seminars, and social gatherings that promote a sense of community and engagement among students. Many Student Councils engage in community service initiatives, fostering a spirit of social responsibility and civic engagement among students.

Student Support: They may establish support systems, such as peer mentoring programs, to assist students with academic and personal challenges. The council serves as a bridge between students and the administration, regularly communicating updates, concerns, and feedback to the institutions leadership.

Student representatives often sit on the Academic Senate or similar bodies, providing input on academic policies, curriculum development, and quality assurance measures. They offer valuable perspectives on the student experience.

Students may participate in admissions committees, contributing to decisions regarding admissions criteria, student recruitment, and scholarship awards.

Student representation on disciplinary committees ensures a fair and impartial process when addressing student misconduct issues. The students also take part in Budget and Finance Committee.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

**Organizing Departmental Seminars Objectives:** To provide quality education to the students. To create awareness among the students regarding the importance of seminars. To provide platform for academic activities. To develop organizing skills among the students.

**Context:** The institution for long has been neglecting the conduct of seminars for the students. Whatever activities in the name of classroom seminars were being conducted were insufficient to benefit the students. The college also wanted to involve the students in creative activities.

**The Practice** The institution first directed the HoDs to conduct formal seminars on local level by involving students. The teachers discussed the possible relevant topics with students. After a consensus was reached, the day and time of the seminar was fixed. Local resource persons were invited for the seminars. In one or two cases, the resource persons came from the other universities. The institution granted a reasonable fund for the purpose. Most parts of the organizing the seminars were in the hands of the students. The teachers, however, kept them guiding throughout the events.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The vision and mission of JJS Degree College, emanates from the farsightedness of the visionary founder. As the institution cherishes a longtime service, the institution has reaffirmed its vision of 'transforming the youth through holistic education towards an enlightened society'. 'To sensitize individuals towards social welfare' is the vision of the Institution. To realize the vision of the founders of the college, all the activities of the college are prioritized in such a manner that the students are sensitized towards the pains and sufferings of the poor, downtrodden and deprived class of the society. The students are made aware of the fact that all are a part of the society and environment we live in. Hence, we have to take care of those also who are marginalized members of society and those who are suffering. During the unprecedented times of COVID - 19 lockdown, the Institution grabbed the opportunity of serving the needy people particularly through the NSSYogdan.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

As an affiliated college of SKM University, Dumkait follows the syllabus prescribed by the University adhering to its guidelines regarding the number of lectures and tutorials allocated to different courses. The college offers courses calibrated to cater to a range of student educational backgrounds, language skill levels and career aspirations. The courses offered are all explored through a variety of interpretive paradigms. The broader endeavour is to deploy student engagement with language and texts to foster a complex awareness of ethical considerations as well as debates linked to social justice and cultural plurality.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Our institution has been trying to build its own academic calendar as per the University guideline and self requirements so that we can adhere to the needs of the students, activities and other particulars. It has been a transformative journey by initiating significant reforms to enhance our Continuous Internal Evaluation (CIE) system. These reforms were strategically designed to elevate the quality of education and ensure holistic development of our students. Firstly, we revamped our assessment methods. Moving beyond traditional exams, we introduced a diversified range of assessment tools such as project-based assessments, presentations, and peer evaluations. This shift promotes critical thinking, creativity, and practical application of knowledge. Secondly, we strengthened feedback mechanisms. We implemented regular feedback loops between students and faculty to foster open communication and improvement. Anonymous surveys and suggestion boxes were introduced to encourage candid input. Furthermore, we adopted technology-driven solutions to streamline

assessment processes, making them more efficient and transparent. Online platforms were deployed for submission, evaluation, and result dissemination, ensuring data accuracy and accessibility. To promote a learner-centric approach, personalized learning pathways were introduced. Students were encouraged to set academic and personal development goals, aligning their learning experiences with their aspirations. Lastly, faculty development programs were expanded to equip educators with innovative teaching methodologies and assessment techniques. These reforms have empowered our institution to provide a more engaging, equitable, and learner-focused education system, aligning with the evolving needs of the 21st century. We remain committed to continuous improvement and adaptability in our pursuit of excellence.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The college has put in place an effective mechanism to assess the learning levels of the students, and thereafter, to organize specific programmes for advanced learners and slow learners. During Student Induction Programme post-admission, the freshers are oriented on the importance of assessment of learning levels, apart from orientation towards college curricula, various curricular, co-curricular and extra-curricular activities of the college, learning opportunities available in the campus, available facilities and infrastructure. The classification of students on learning levels is based on the marks scored in the entry level assessment test. Based on the marks secured, students are classified as slow, advance and medium learners. The college has introduced psycho-metric test as an additional tool to assess the multiple intelligence of the students.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )

The Student Council acts as the official representative body of the student community. It advocates for student interests, raises concerns, and proposes solutions to address various issues affecting students academic and extracurricular experiences.

The council is often responsible for organizing and overseeing a wide range of student activities, including cultural events, workshops, seminars, and social gatherings that promote a sense of community and engagement among students. Many Student Councils engage in community service initiatives, fostering a spirit of

social responsibility and civic engagement among students.

**Student Support:** They may establish support systems, such as peer mentoring programs, to assist students with academic and personal challenges. The council serves as a bridge between students and the administration, regularly communicating updates, concerns, and feedback to the institutions leadership.

Student representatives often sit on the Academic Senate or similar bodies, providing input on academic policies, curriculum development, and quality assurance measures. They offer valuable perspectives on the student experience.

Students may participate in admissions committees, contributing to decisions regarding admissions criteria, student recruitment, and scholarship awards.

Student representation on disciplinary committees ensures a fair and impartial process when addressing student misconduct issues. The students also take part in Budget and Finance Committee.

Regular annual external financial audit is conducted in our institution by a certified CA. The Bursar of the institution checks financial transactions meticulously throughout the financial year.

The institution demonstrates a commitment to financial transparency and accountability by conducting both internal and external financial audits on a regular basis. Internally, financial audits are performed at predetermined intervals throughout the fiscal year by a team comprising of the Chairman, IQAC coordinator, Teacher representative. These internal audits involve a thorough examination of financial records, budgets, and expenditures to identify any discrepancies or areas needing improvement. Externally, the institution engages independent audit firms to conduct annual financial audits in accordance with established accounting standards and regulations. These external audits provide an unbiased assessment of the institutions financial health and compliance. The dual approach of internal and external audits ensures that the institutions financial practices remain robust, ethical, and aligned with regulatory requirements.

<b>7.2 - Best Practices</b>	
7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.	
<p><b>Organizing Departmental Seminars Objectives:</b> To provide quality education to the students. To create awareness among the students regarding the importance of seminars. To provide platform for academic activities. To develop organizing skills among the students.</p>	
<p><b>Context:</b> The institution for long has been neglecting the conduct</p>	

of seminars for the students. Whatever activities in the name of classroom seminars were being conducted were insufficient to benefit the students. The college also wanted to involve the students in creative activities.

The Practice The institution first directed the HoDs to conduct formal seminars on local level by involving students. The teachers discussed the possible relevant topics with students. After a consensus was reached, the day and time of the seminar was fixed. Local resource persons were invited for the seminars. In one or two cases, the resource persons came from the other universities. The institution granted a reasonable fund for the purpose. Most parts of the organizing the seminars were in the hands of the students. The teachers, however, kept them guiding throughout the events.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The vision and mission of JJS Degree College, emanates from the farsightedness of the visionary founder. As the institution cherishes a long time service, the institution has reaffirmed its vision of 'transforming the youth through holistic education towards an enlightened society'. 'To sensitize individuals towards social welfare' is the vision of the Institution. To realize the vision of the founders of the college, all the activities of the college are prioritized in such a manner that the students are sensitized towards the pains and sufferings of the poor, downtrodden and deprived class of the society. The students are made aware of the fact that all are a part of the society and environment we live in. Hence, we have to take care of those also who are marginalized members of society and those who are suffering. During the unprecedented times of COVID - 19 lockdown, the Institution grabbed the opportunity of serving the needy people particularly through the NSSYogdan.

### 7.3.2 - Plan of action for the next academic year

The first and foremost future plan for the academic session 2021-22 is the decentralization of the college administration. It has been felt that the college administration badly lacks the distribution of decision-making authority. This has caused a number of lapses and lack of initiatives among the teaching staff to bring in new ideas and implement them. Keeping these factors in view, the college administration, after a thorough discussion, has decided to form in near future various committees with well laid out aims and functions so that these committees can function with ease and without any unwanted interference from the administration. Some of the important committees will be Committee for Social Extension and Cultural Activities, Library Committee, Website Committee, Time Table Committee, Admission Committee, Committee for Promoting Seminar and Research Activities, etc. The college plans to follow the Academic Calendar strictly. Since the examination schedules of the affiliating university has not been declared yet, the events mentioned in the academic calendar will be advanced or postponed as per the need. The college also plans to start library at the level of the teaching departments. The college plans that students will be motivated to donate their text books after passing the examination. It is also planned that the record of the books received as donation will be maintained strictly. Such books will be issued to the needy students. The college administration has felt that the conduct of online classes is fruitful for the students.
